CHAPTER II

METHOD OF STUDY

2.1 Data Collecting Procedure

In writing this thesis, I apply the library research by collecting data from some books and many other supporting materials that can be related to the subject matter. In this thesis, I use Jodie Picoult’s novel entitled My Sister’s Keeper as the main source. This novel is the most important source of information for the subject matter that will be analyzed. It is also needed a search from internet to complete the data that had been collected.

2.2 Data Selecting Procedure

Before collecting the data, I read the whole of the story several times and then I select data and taking some notes quotation on dialogues to support my thesis.

2.3 Data Analyzing Procedure

In finishing this thesis, I have to combine the important data from many other sources which have been collected and analyze them well. I collect the data from
various books and internet. First, I read the novel then identify the data from the dialogues or statement of the novel which support the main problem and I will analyze it to achieve what has been planned in the objective of this thesis and finnaly a conclusion can be drown from this thesis.
