ABSTRACT

This paper entitles “Amy’s Successful Screwy Plan by Flynn in Gone Girl Novel”. This novel tells about how Amy made 152 screwy plans in order to make her husband felt regret because he had treated Amy roughly. Amy had made many plans but she did not do all of those plans. She only used 9 of her plans. Amy did all of those plans without following the order of the plans. Besides making plan, Amy also wrote a diary which consisted about herself and Nick and all of her fantasy stories. The diary had been written for more than a year and she also used the diary to entrap Nick so that the police will find the diary when she went missing. Then the police will guess that Nick was the cause of Amy’s missing. The method that was used is library research, reference books and internet. In writing this paper, the writer is using the method of intrinsic approach.
