ABSTRACT

Literature is a kind of imaginative writing. It reflects a problem of life de by human being. This paper is entitled: THE LOVE VALUE OF EDWARD AND BELLA LOVE PICTURED IN STEPHENIE MEYER NOVEL “TWILIGHT”. There are two main characters in the novel, namely: Edward Cullen and Bella Swan. Each character has different characters and roles. In writing this paper the writer doesn’t include a supporting character, but this paper is still interesting to read because it implies the meaning of true love in the novel. Bella Swan moves from Phoenix, Arizona to live with her father in Forks, Washington to allow her mother to travel with her new husband, a minor league baseball player. After moving to Forks, Bella finds herself involuntarily drawn to a mysterious, handsome boy, Edward Cullen. She eventually learns that he is a member of a vampire family who drinks animal blood rather than human blood. Edward and Bella fall in love, while James, a sadistic vampire from another coven, is drawn to hunt down Bella. Edward and the other Cullens defend Bella. She escapes to Phoenix, Arizona, where she is tricked into confronting James, who tries to kill her. She is seriously wounded, but Edward rescues her and they return to Forks. In writing this paper, the writer used the method of library and intrinsic approach. All data had collected by the writer, classified, and finally concluded. Hopefully, by this paper the readers can understand the elements of novel especially the main characters and the meaning of true love which is described by the characters.
