ABSTRACT

The title of this thesis is “Analisis Kontrastif Kalimat Imperatif Bahasa Mandarin Dalam Koran Xun Bao dan Bahasa Indonesia dalam Koran Analisa”. Generally, students make errors in imperative sentence of Mandarin and bahasa Indonesia well. The aim of this writing is to find out the differences and the similarities of sentence of both languages. The concept used in this thesis are contrastive analysis and imperatives sentence. The methodology used in this thesis is descriptive analysis. The data was taken from Xun Bao and Analisa newspaper edition March 1th, 2015 until March 31th, 2015. The data was analyzed based on the theory of Contrastive Analysis and due to structure of imperative sentence. The results show that imperative sentence have differences more than similarities. The differences are in the subject of the sentence, the verb of the sentence and the imperative’s particle. The similarities of both are only in the meaning of the imperative sentence itself.
