AJPCR (Asian J Pharm Clin Res) is peer reviewed, Monthly (Onward Jan 2017) open access Journal. This journal publishes original research in the field of Pharmaceutical and Clinical Sciences. The Journal has been designed to cover all the fields of research, which has any correlation and impact on Pharmaceutical Science. It aims to publish all the original research in field of science so a correlation can be made between these researches. Knowledge gained by such researches can be exposed to all and it can be brought in real utilization as all the branches of science are correlated and will assist all the researchers to potentiate their research capabilities.

**Innovare Academic Sciences**

**Vision:** Impart in quality knowledge and innovation is most important radical for human welfare.

**Mission:** IAS contribute to human development through support to organization in getting accreditation/approval for quality education, quality research dissemination, research to innovations and finally to IPR and extension activities.

**Goals:** The goals of innovare academics sciences are:

- To provide support to industry and academic institute to enhance their intellectual property.
- To spread knowledge for innovations.
- To help in getting organization accreditation/approvals status.
- To provide business designs in pharma and others.
- To join hands with various organizers of the conference to provide a common platform for experts, researchers, educational managers, policy makers and industrialists.
- To keep a record of the state-of-the-art research and to promote study, patents, design for business, accreditation and approval within its various specialities.

**Associate Conferences**

**Recent Trends in Biomedical Sciences-2018 (Visit Here)**

Department of Medical Laboratory Sciences (LSPPS) at Lovely Professional University is going to organize a national conference on Recent Trends in Biomedical Sciences 2018 (RTBS-2018) on 16th March 2018.
Editorial Board

AJPCR is committed to have dynamic and potential advisory-editorial board. Those established in the field can directly send their resume. New people are first needed to serve as referee before being considered member of advisory-editorial board. Email your resume to editor@ajpcr.com
