With the ability to publish proceedings from events of any size, MSE provides a comprehensive solution for materials science and engineering conferences.

Latest published conferences
Vol 470

Conference archive
2019

View forthcoming conferences accepted for publication.

If you would like more information regarding *IOP Conference Series: Materials Science and Engineering* please visit conferenceseries.iop.org, and if you are interested in publishing a proceedings with IOP Conference Series please visit our page for conference organizers.

- **Conference organizers** can use our online form and we will get in touch with a quote and further details.
- **Researchers** will enjoy the conference-based search system to quickly find and browse proceedings of interest. Search through all proceedings by conference title, subject area and conference date / location.

IOP Publishing Services in partnership with Editage, offers English language editing and translation services to researchers worldwide.

We offer expert professional editing with specialized teams for handling documents in Physics. With our comprehensive quality guarantee, you can be assured that you will receive edits of the highest quality to meet your publication needs. Our language editing options include:

**Premium Editing Plus**
Publication-focused editing that includes post-submission editorial support

- Complete language check (grammar, terminology, and journal formatting)
- Extensive revisions (rephrasing and restructuring) + cover letter
- Unlimited Q&A with the editor
- Free unlimited rounds of editing
- Journal response letter check
- Crosschecking revisions with reviewer comments

**Premium Editing**
Publication-focused editing that makes your manuscript ready for initial submission

- Complete language check (grammar, terminology, and journal formatting)
- Extensive revisions (rephrasing and restructuring) + cover letter
- Unlimited Q&A with the editor
- Free unlimited rounds of editing
Advanced Editing

For well-organized academic and non-academic documents that require a final check and proofread

- Complete language check (grammar, terminology, and journal formatting)
- Unlimited Q&A with the editor
- 60% discount on re-editing

Translation with Editing

Why Choose Us

Our mission is to ensure 100% client satisfaction at every interaction for all our clients.

We promise excellence, expertise, responsiveness, and confidentiality in all our services.

Our team will work with you until you are 100% satisfied with every dimension of our service, be it quality, on-time delivery, or response time.

When you come to us for our expert authoring services, if we don't deliver per your expectations, we won't charge you. No questions asked!

Quality guarantee  Delivery guarantee  Confidentiality

Multiple payment options
EXPERTISE

Two-Editor Check

Each document is checked by two language specialists from our global team of editors and peer reviewers, to ensure that we miss nothing. The end result will meet the highest quality standards of international journals.

Other Services We Offer

Translation with Editing

Don't get lost in translation! Our academic translators and editors offer subject-specific expertise and superior editing skills to ensure that your manuscript accurately conveys every nuance of your research in perfect scientific English to a global audience. Our aim is simple: deliver a manuscript that journal editors, reviewers and readers find indistinguishable from those written by native English speakers.

We offer subject-specific translation with English Editing for the following language pairs.

- Traditional and Simplified Chinese to English
- Japanese to English
- Spanish to English
- Brazilian Portuguese to English
- Korean to English
- Turkish to English

Native English editors - specialists in your

Get a Quote (get-quote1.html)
subject area guiding you to publication

SUCCESS

Our unique editor-selection algorithm ensures that your paper is assigned to highly qualified language specialists with expertise in your subject. As it learns your requirements, we are able to offer more tailored services. Our editors are all native English speakers who hold PhDs or Master's degrees from top universities such as Harvard, MIT and Oxford. They are all experts in their respective academic fields with an average of 19.4 years' experience in editing. Most of them are published authors and peer reviewers in their own right as well as members of some of the world's best editor societies, such as BELS and CSE.

2017

1st Annual Applied Science and Engineering Conference (AASEC), in conjunction with The International Conference on Sport Science, Health, and Physical Education (ICSSHPE)
18–18 November 2016, Bandung, Indonesia

View all abstracts

Accepted papers received: 21 February 2017
Published online: 22 March 2017
Preface

1st Annual Applied Science and Engineering Conference (AASEC), in conjunction with The International Conference on Sport Science, Health, and Physical Education (ICSSHPE).

Papers

The Profitability Analysis of PT. Garuda Indonesia (Persero) Tbk. Before and After Privatization
I Nurashih and Anggara

The Effect of Green Home, Green Behavior, and Livability on the Financial Incentive in Medan City, Indonesia
K A Fachrudin and H T Fachrudin

Assessing the Effects of Service Quality of Government and Student Satisfaction In Education’s Field
D Purwanti

Impact of the Economic Growth and Acquisition of Land to the Construction Cost Index in North Sumatra
H N Tarmidi, M Deasy and I Must

The Impact of Modern Retail Minimarket towards the Continuity of Traditional Retail Businesses
R Mearuh

Mechanical Properties Studies of Components Formulation for Mixing Process Contain of Polypropylene, Polyethylene, and Aluminium Powder
A Hamid and R Dini

Preparation and Characterization of Cellulose Microcrystalline (MCC) from Fiber of Empty Fruit Bunch Palm Oil
H Nabolion, Yumala, Veronica, Imadani and S Sitorupu

The Influence of Chicken Egg Shell as Fillers in Biocomposite Acrylic Resin for Denture Base
M Lala, M H S Siring, N F Darmuntho, D M T Hasibuan and S Sasadhardjo

Simulation of Mechanical Stress on Stainless Steel for Pb-Bi Corrosion Test by Using ABAQUS
A Model of Small Capacity Power Plant in Taleli Village, North Sulawesi
F J Sangori and P T D Rompes

Tunnelling Current of Electron in Armchair Graphene Nanoribbon Bipolar Transistor Model Using Transfer Matrix Method
A K Fahmi, L Hasamah, D Rusliani, A Amiruddin and E Suhendi

The Mechanical Properties and Microstructure Characters of Hybrid Composite Geopolymers-Pineapple Fiber Leaves (PFL)
N Amalia, S Hidayatullah, Nurfiadila and Subeer

Characteristics of Commercial SiC and Synthetic SiC as an Aggregate in Geopolymer Composites
R Hanie, H N Alifah, Aulani and Subaer

Development of Coconut Trunk Fiber Geopolymer Hybrid Composite for Structural Engineering Materials
F Amalia, N Alifah, Nurfiadil and Subaer

Post-treatment Effect of Particleboard on Dimensional Stability and Durability Properties of Particleboard Made From Sorghum Bagasse
A H Iwanto, T Sucipto, S S D Nuzul and N Putrastini

Fixation of Soft-Inner Part of Oil Palm Trunk by Close System Compression Method
R Hartono, W Dwianto, J Welyudi, F Fabrianto and T Monsiora

The Feasibility of Sugar Palm (Arenga pinnata) Trunk for Raw Material of Parquet (Wood Flooring)
A Nuryawan, A Tariqin and L Helim

Improved Electrical Properties of Chitosan Based Acetone Sensor by Adding Carbamymethylcellulose (CMC)
T I Nasution, R Arosa, Y Machima, I Nanggon, M Bayan and R Rumayyan

Optimization on Paddy Crops in Central Java (with Solver, SDV on Least Square and ACO (Ant Colony Algorithm))
H A Parhunus, S Thandheru, B Susanto, S Y J Prasetya, Y H Agus and B H Simanjuntak

Social Security Contribution to Productivity and Wages in Labour Organization Perspective
Y N Supendi

Modeling of Sedimentation Process in the Irrigation Channel
Tunus and M Situmorang

Didactical Design Material Units of Distance and Speed to Developed Mathematical Connection in Elementary School
R R Jannah, S Apriya and Kartinah

Displacement of a Free Type in Natural Frequencies to Determine Noise Structure
M Sabri

Numerical Study on Natural Vacuum Solar Desalination System with Varying Heat Source Temperature
Performance and Emissions of a Small Compression Ignition Engine Run on Dual-fuel Mode (Diesel-Raw biogas)

H Ambarita, E P Nurnungtmg, M KM Nasution and H Kwoi

The Influence of Mixed Composition and Hole Mould on the Quality of Chicken Feed

S Rusad, T A Sutanu and R Nur

Performance and Characteristics of Heat Pump Clothes Drier

H Ambarita, D M Nasution, S Gunawan and A H Nasution

Design and Construction Multi Output Power Transmission with Single Prime Mover on Agricultural Products Machine

V K Ruban and O E Tanom

Numerical Approach to Wood Pyrolysis in Considering Heat Transfer in Reactor Chamber

M Isiis and U Novaia

Experimental Study on Melting and Solidification of Phase Change Material Thermal Storage

H Ambarita, J Abdulhak, C A Siergr, R E T Siergr and A D Ronowikarto

A Preliminary Study on Designing and Testing of an Absorption Refrigeration Cycle Powered by Exhaust Gas of Combustion Engine

F H. Nolphans, F A. Deyb, P M. Deyb, Denis and Jesson

Experimental Study on Performance of a Box Solar Cooker with Flat Plate Collector to Boil Water

T Sirepu, S Gunawan, D M Nasution, H Ambarita, R E T Siergr and A D Ronowikarto

Analysis of Power Generating Speed Bumps Made of Concrete Foam Composite

B Sman, M Mustqin, D Hasinro, A Sebyang, W S Bawati, M Sabil and S Abo

Developing a Hybrid Solar/Wind Powered Drip Irrigation System for Dragon Fruit Yield

I Wistedah and D S Wiyanto

Application of Biomass from Palm Oil Mill for Organic Rankine Cycle to Generate Power in North Sumatera Indonesia

T B Nus, Z Pane and M N Amin

Comparison of microcrystalline characterization results from oil palm midrib alpha cellulose using different delignization method

S Yolami, T R Pandemotion, Hendry and H Glyptoputra

Top 200 Prescribed Drugs Mostly Prescribed by the Physician in Pharmacies at Medan City

H R Tanjung and E S Nasution

Modelling of Drain Current in Tunneling Field-Effect Transistor Based on Strained Armchair Graphene Nanoribbons

E Suhendi, R Syahri, F A Noor and Khairunniqal

The Concept Mastery in the Perspective of Gender of Junior High School Students on Eclipse Theme in Multiple Intelligences-based of Integrated Earth and Space Science Learning
